

THE ORGANIZED MOM CREW STACEY

[the organized mom simplify life for you and baby one](#)

Stacey Crew has written a book that not only teaches you to be organized but also how to deal with the changes a new baby adds to a household. A definitive guide. What I really like about Stacey's book is that it has a great mix of the warm & fuzzy part of being a mom, and the practical side of what you need to know AND how to do it.

I highly recommend The Get Organized Guide for New Moms. It is packed with great ideas and clear explanations. It's well-written and an easy read. A very helpful guide in preparing for a baby and in how to remain organized and enjoy the first year of being a mom. It's the first book I've read with a clear explanation of an organizational system.
